BOARD OF PATENT APPEALS & INTERFERENCES:

This paper is filed to update the Related Proceedings appendix in the previously filed Appeal Brief for this application. Subsequent to the filing of the Appellants' Supplement to An Appeal Brief on April 22, 2010, Appellants learned on April 28, 2010 that a second cancellation proceeding has been filed in Taiwan by ChipMOS Technologies Inc. on March 15, 2010 to cancel Taiwanese Patent NI-100956, a granted counterpart application in Taiwan of the pending U.S. application that is currently under appeal. A case number of 086111471N02 was assigned by the Taiwan IPO. Appellants are concurrently filing an Information Disclosure Statement disclosing the prior art that Appellants' Taiwanese legal

representative has given Appellants as the basis of support for the cancellation proceeding.

Appellants continue to authorize payment for any fees to be charged to Deposit Account No. 503079 (Freescale Semiconductor, Inc.).

Respectfully submitted,
SON K. QUAN et al.
